ESTIMATES FROM HOME INSPECTION REPORTS BY OTHERS

Deuce Electrical is pleased to provide estimates based on inspection reports prepared by other property inspection companies. However, we cannot include these estimates in the Free Estimate services we offer.

Therefore, we charge \$130.00 for the first hour, and \$65.00 per hour thereafter to prepare an estimate from reports, which may include the need to see the property in person.

To arrange for an estimate based on a prepared inspection report by another company, email a copy of the inspection report to info@DeuceElectrical.com. Please allow up to two business days for a response.
